

## **Nitin Gambhir, CEO of Tethys Technology, joins the Yale School of Management Board of Advisors and the Advisory Board for Yale International Center for Finance**

**February 15, 2022, New Haven, CT / New York, NY**

Mr. Nitin Gambhir, CEO & President of Tethys Technology, Inc., has joined the Board of Advisors for the Yale School of Management (SOM) and also will take a seat on the International Center for Finance (ICF) Advisory Board.

As a member of the Board of Advisors, he will be part of an exceptional group of alumni and friends that help advise the senior leadership team at Yale SOM on strategy and other matters. Yale SOM's Boards and Councils provide the dean and the school's senior leadership advice on strategic matters that concern the school's operations, strategic communications, and fundraising. Similarly, the ICF Advisory Board consults on strategic issues directly concerning the Center's operations, communications, activities, and fundraising. ICF brings together faculty, students, and practitioners to foster leadership in the understanding, practice, and management of finance from multiple perspectives.

"We're excited to welcome our newest board member, Nitin Gambhir," said Kerwin K. Charles, Indra K. Nooyi Dean and Frederic D. Wolfe Professor of Economics, Policy, and Management at the Yale School of Management. "Combining perspectives, ideas, needs, and industries—informs our teaching, research, and mission of educating leaders for business & society. Nitin's expertise and insights will richly contribute to our ongoing dialogue about innovative ways to tap SOM's powerful potential for positive impact in the classroom, professional practice, and the community at large."

William Goetzmann, the Edwin J. Beinecke Professor of Finance and Management Studies, faculty director of the International Center for Finance, and director of the Executive MBA in Asset Management, added, "On behalf of ICF, I want to offer a warm welcome to our new advisory board member, Nitin Gambhir. We are thrilled that Nitin shares the ICF's interest in the innovative methods in finance as well as the intersection of art and markets and the importance of both finance and art to world society."

Mr. Gambhir is the founder of a group of Fintech & Trading firms including, Tethys Technology, Tethys Capital, and Oceanus Securities. Mr. Gambhir is an expert in market microstructure and algorithmic trading. His work and vision have allowed his companies to service top global investment and securities trading firms and to successfully expand the company's product offering globally and across multiple asset classes.

Mr. Gambhir collects and actively supports contemporary art, and founded another endeavor, Tethys Art, to create a platform that focuses on transformative contemporary art. The Platform also facilitates cross-genre curations. Mr. Gambhir is passionate about charitable efforts promoting art, education, and governance and is a member of the board of several philanthropic organizations.

Mr. Gambhir completed a Bachelor's degree from the Indian Institute of Technology before earning his Master's from Yale University. He started his career as an Associate at JP Morgan and then joined Bear Stearns, where he was a Vice President and then a Managing Director. Thereafter, Mr. Gambhir worked as a portfolio manager at S.A.C. Capital Advisors, and founded Altus Asset Management, LLC, an institutional asset management firm, before starting his current businesses.
